Estimated Cost

Not Available

Project Highlights

- 10,500 L/S conditioned fresh air
- Energy recovery system throughout
- 35 FCU's
- Only Buddha Bar design

Architect / Client

Forsite / Le Meridien

Le Meridien planned resort redevelopment included 3 restaurant refurbishments.

First is Buddha Bar for which Mario Associates provided complete MEP design fully coordinated with Forsite interiors.

Vision is to have advantage of weather, whenever environmentally possible. This is provided by about 10 air curtains plus energy recovery units to bring the outside in without spending a fortune on conditioning same.
